INNOVATION CENTER

EN The technicians of the Innovation Center are available to assist customers to create their ideal packaging by supporting them in designing original and innovative glass shapes. This ever-growing team can provide a 360° consultancy to its customers, **studying the best graphics for any bottle, jar, closure or cap, giving life to creative and winning ideas tailored to each market.**

For new bottle designs, our Innovation Center provides:

- 2D/3D drawings
- Rendering
- Artwork
- Samples decoration service
- Resin models created in-house
- Molds designed in-house
- Complete engineering capabilities for a glass sample
- Glass production
- Innovative closures

IT I tecnici dell'Innovation Center sono a disposizione per affiancare i Clienti nella realizzazione del proprio packaging ideale, supportandoli nella progettazione di contenitori in vetro di forme sempre originali e innovative. Grazie al team in continua crescita ed evoluzione Bruni Glass è in grado di fornire una consulenza a 360° ai propri Partner, studiando la migliore veste grafica per qualsiasi bottiglia, vaso, chiusura o tappo, dando vita a idee creative e vincenti realizzate su misura per ogni mercato.

Per lo studio del design di nuove bottiglie il nostro Innovation Center fornisce:

- Disegni 2D/3D
- Rendering
- Artwork
- Servizio decorazione campioni
- Modelli in resina
- Progettazione stampi
- Funzionalità ingegneristiche complete per campioni in vetro
- Produzione vetro
- Chiusure innovative

FR Les techniciens de l'Innovation Center sont à la disposition des clients pour les aider à créer leur emballage idéal, les accompagner dans la conception de contenants en verre aux formes toujours plus originales et novatrices. L'équipe, en évolution permanente, est en mesure de fournir à ses partenaires une consultation à 360°, **étudiant les meilleures solutions pour chaque bouteille, pot, fermeture ou bouchon, donnant vie à des idées créatives et innovantes adaptées à chaque marché.**

Pour les nouveaux projets, notre Innovation Center propose ses services et notamment :

- Plan 2D / 3D
- Modélisation virtuelle
- BAT
- Echantillons décorés
- Modèles en résine
- Conception mouleries
- Échantillonnage en verre
- Fermetures innovantes

ES Los técnicos del Innovation Center están a disposición de los clientes para ayudarlos a definir la solución gráfica ideal y apoyarlos en el diseño de envases de vidrio de formas siempre originales e innovadoras. El equipo en continuo crecimiento y evolución es capaz de proporcionar una consultoría de 360 ° a sus Clientes, **estudiando los mejores diseños gráficos para cualquier botella, tarro, cierre o tapón, dando vida a ideas creativas y ganadoras realizadas a medida para cada mercado.**

Para los nuevos proyectos, nuestro Innovation Center proporciona servicios como los siguientes:

- Diseños en 2D/3D
- Artwork
- Renderización
- Soluciones gráficas muestras decoradas
- Prototipos de resina
- Diseños en molde
- Muestras y producción en vidrio
- Cierres innovadores
